

CHAIR

Condominium & Homeowners Association of Indian River, Inc.

Disaster Planning

When: TUESDAY, March 10, 2009

Where: Vero Beach Inn – 4700 N. A1A – Vero Beach

Time: Coffee & Doughnuts 9:00 AM - Meeting 9:30 AM

Does your community have a Disaster Plan in place? Are you aware of the new Emergency Powers and Duties outlined in F.S. 718?

We will have a panel discussing Disaster Planning at this month's CHAIR meeting. Our panel will consist of Bob Dees, a local Community Association Manager. Mr. Dees and the community he manages, Grove Isle, was featured in an article published by Florida Community Association Journal on Disaster Planning. Mr. Larry Smith of Seabreeze Condominium will discuss Disaster Planning for High Rise Condominiums. Also on the panel will be Etta LoPresti from Indian River County's Emergency Services Division and Jerry Wahl from Statewide Insurance.

This topic will be informative and timely for every community association on the Treasure Coast.

For more information on the meeting call Karen Merrill at 569-9853.

We look forward to seeing everyone there.
